### MESSAGE FROM THE PATRON

The management committee is ever thankful to the OSAPS who have nurtured the school over the years. I believe, the OSAPS are the SOUL of APS, DK, wherein the interest of the school would be paramount like a nurturing parent.

I am sure the present generation of students would look up to the OSAPS fraternity and would be mentored by you all, for assisting them for the first nascent steps into the professional world, to earn a name and space in the society, as has been done by our OSAPS.

Please accept my heartfelt gratitude for your continued support to our future generations of APS,DK.

### CHAIRMAN'S MESSAGE

It gives me immense pleasure to be associated with such a vibrant ex-students' association. The list of ex-students doing well in various fields is a virtual who-is-who in this country. A large part of, what the school experiences today, is a direct result of the investment made by the predecessors over the ensuing decades.

Each one of you is an important part of the 60 plus year educational heritage of the school and we wish to strengthen that heritage by celebrating you & your accomplishments. There are numerous paths for you to reconnect & become involved with the school. Please consider ways for sharing your time & talents.

Sky is the limit. Keep exploring!!!

Brig Sanjay Sajjanhar

### FROM THE PRINCIPAL

APS DK has made history in every part of the world through its students. The OSAPS are the true ambassadors of the school and I am sure they will continue to be role models. New knowledge and the use of new technology has resulted in a way of living which was unimaginable a few decades ago. These converging trends have put tremendous stress on individuals and society as a whole. APS DK has always endeavoured to shape dynamic young minds who are able to chart their own course in life and, above all, are capable of 'flying with open wings with their feet grounded in reality'. May each new day bring inspiration for a larger and fuller life for you and a fairer and better world for all.

Move ahead in life but do not forget your roots. Do come back to visit your school year after year and participate in its future.

Wishing all the members of OSAPS the very best....

## 13<sup>th</sup> OSAPS Reunion 2016

The year 2016 began on a cheerful note with the holding of our 13th Annual OSAPS Reunion on 13th of Feb. 2016 at school. The batch of 1991 were present in large numbers to celebrate their 25th year of graduating from APS (despite the hangover from their partying and dancing the previous night). Though their party at Four Points by Sheraton went on till early morning but still none of them wanted to miss the Reunion at school at any cost. It was also interesting to see the batch of 2006 coming to their Alma Mater to commemorate their one decade of passing out and made their presence felt by setting the dance floor on fire till the very end of the event.

The OSAPS Magazine 2016 was unveiled by the Chairman \_ Brig. Sanjay Sajjanhar for distribution among all OSAPS. Few fun games were held in which OSAPS participated and won prizes. After Group photos of all batches a sumptuous spread was laid out for lunch. The DJ's music got everyone on the floor and every single soul present shook a leg with his best buddies and school time crush.

In order to bring together OSAPS present in every city or country, different chapters of OSAPS are being launched across the globe. After successful launch of the OSAPS - GTA (Greater Toronto Area) Chapter in 2014 in Toronto and the Mumbai Chapter in 2015, they have been growing vigorously with each passing day. It is proposed to launch at least two more Chapters in 2017 in NORTH AMERICA (USA) and BANGALORE where I will travel to shortly to organize them. We will post info on Facebook pages of these chapters and all those present in or around these cities/countries may join the FB page and confirm their presence. Launching of more OSAPS Chapters shall be communicated via Facebook or our website – [www.osapsdk.com](http://www.osapsdk.com)
